

WHY USE OOH (OUT OF HOME)?

Top 3 Reasons OOH Has to be Part of Your Ad Mix

1 Mass Reach A single billboard in the Victoria market delivers 10 million+ ad views over a one year campaign. The frequency that OOH delivers builds trust for your related online campaigns.

2 Unbeatable Value The CPM (cost per thousand ad views) on a typical billboard campaign is under \$2.00.

3 Attention Getting (Get Big) OOH ad viewers can't turn the page, change the station, click away or install ad blockers on a billboard.
